COUNCIL REDUCES WATER RATES

OLD RATES CUT IN HALF—REDUCTION DATES BACK TO OCTOBER 1.

The city council held an adjourned session yesterday afternoon and took up the much discussed question of water rates. A motion by Wymore which was seconded by Ebeley finally prevailed. It fixes the rates temporarily at 25c per 1,000 gallons instead of 50c as heretofore, with a minimum charge of \$1.00 per month, and extends back to the October payments. In cases where payment for that month has already been made on the 50c basis the consumer will be allowed credit on his next bill. The rent on meters was reduced from 50c per month to 25c.

The contract for a frame house, 28x30 feet, solid foundation and plastered walls for the pump man at Byrd's Mill was let to Mr. McCully for \$960.

OKLAHOMA EXPENDS OVER \$1,000,000 FOR ROADS

Washington, Nov. 14.—Texas spent \$7,600,000 in building good roads last year. It led the sixteen Southern states which spent an aggregate of \$44,000,000 according to figures just made public by Secretary Wilson of the department of agriculture.

"Through its office of public roads" says the secretary in his statement "the department has men throughout the country stimulating the nationwide movement for good roads through demonstration work of experienced engineer and illustrated lecturers by a force of men trained for the purpose. And this vast amount of money spent in less than ten months for road improvement in the states mentioned indicates the great interest on the subject. Reports to the department show that this enormous sum was spent by states as follows: Alabama \$3,484,000, Arkansas \$2,450,000, Delaware \$130,000, Florida \$1,505,000, Georgia \$2,500,000, Kentucky \$2,500,000, Louisiana \$1,132,354, Maryland \$2,250,000, Mississippi \$3,120,000,

STOVES SMITH'S

North Carolina \$4,505,000, Oklahoma \$1,505,000, South Carolina \$1,100,000, Tennessee \$3,900,000, Texas \$7,600,000, Virginia \$1,004,000, West Virginia \$1,625,000.

"Over 200,000 miles roads were built during the past twelve months in this country. A few years ago the department conducted an investigation to determine the condition of roads throughout the country. The result showed 2,151,570 miles of public highways, of which 7.11 per cent were improved while there were in the sixteen states of the south 685,151 miles, of which only 27,185, or 3.85 per cent were improved. Since 1904 the annual expenditure of money for road improvements in the nation has doubled and in the south it has more than doubled."

DR. LOVE REMANDED WITHOUT BAIL

Hugo, Okla., Nov. 14.—Dr. R. D. Love, charged with killing Dr. L. C. Rucker last Friday, appeared before Justice W. E. Schooler Tuesday and waived examining trial. He was remanded to jail to await the action of the district court.

Dr. Love's attorney, and also Col. Jack Love, the doctor's brother, state that no effort will be made to give bail at this time.

No evidence whatever was introduced in Justice Schooler's court, hence none of the facts leading up to the killing are definitely known beyond the statement made by Dr. Love himself on the day of the tragedy, that he shot in defense of his family.

It is said that, whenever the case is brought to trial, the plea of the defense will be temporary insanity.

FEDERATION SENDS CHEERING MESSAGE TO McNAMARA

Atlanta, Ga., Nov. 14.—President Gompers, of the American Federation of Labor today, sent the following telegram to the McNamara brothers on trial in Los Angeles in compliance with instructions from the labor convention:

"J. J. and J. B. McNamara, Los Angeles, Calif.

"Your message of fraternal greeting, expression of hope for success of our convention and the cause of labor and appreciation of labor's efforts in your behalf was read to the delegates and visitors and was received with a great demonstration of sympathetic appreciation. By unanimous vote the convention directed me to send you the assurance of the delegates of their belief in your innocence of the crime with which you have been charged and to pledge to you our continued moral and financial support to the end that your innocence may be established. (Signed) "Samuel Gompers."

MISSOURI GETS JUDGMENT AGAINST HARVESTER TRUST

Jefferson City, Mo., Nov. 14.—The supreme court of Missouri today sustained the decision of Special Commissioner Brace in his finding for the ouster of the International Harvester Company of America.

The court not only ousted the company from its right to do business in Missouri but imposed a fine of \$50,000 conditioned that if the company paid the fine, separated itself from the International Harvester Company of New Jersey, filed a statement of its business and showed to the court that it would obey the laws in the future it would be permitted to continue to do business in the state.

The court sustained the opinion of Special Commissioner Brace on every contention.

The opinion found that competition was lessened and that practically all of the harvester business was done by the respondent company in the state. It held that it was contrary to the laws of the state of Missouri for one company to conduct the business of another in this case.

EAST SULPHUR WINS COURT HOUSE FIGHT

Davis, Okla., Nov. 14.—Murray county taxpayers are rejoicing tonight over the supreme court decision giving East Sulphur the county seat of Murray county. This settles all differences and closes the shameful warfare which cost the taxpayers many thousands of dollars and retarded the growth of a great health resort. Citizens of Davis are jubilant and will now boost good roads. A sigh of relief was heard tonight and the dove

of peace will hover over our county seat as never before. "The war is over," is being sung by Davis merchants and business men.

Beauty as a Privilege

Shakespeare said that beauty is but skin deep.

Of course William knew better.

But the fact remains that both beauty of body and mind manifest themselves through the skin.

Health reveals itself in the complexion. That semi-transparent quality of skin which tells of the ruddy flow of life is within the reach of every woman.

She whose face is a blotch of Gamboge, dashed with burnt umber, will be wooed and wed by Nobody.

The moral is plain: Use Rexall Disappearing Cream, Rexall Liquid Green Soap and Rexall Cream of Almonds.

You can't afford to experiment with your face.

The quail season opened today. Tomorrow's papers will probably chronicle the fact that about as many hunters as birds were slaughtered.

A man is sometimes entitled to a kick, but he should make no mistake about where he places it. The most innocent looking hat on the sidewalk may conceal a very hard and jagged brick.

Now that the city council has cut the water rates, there should be a corresponding increase in the number of consumers. With cheap water Ada should blossom like an American beauty rose next summer, and with the rates as low as they now are, there is no reason to believe that it will not.

The Davis liar seems to have broken loose again. A ghost has been seen at Turner's Falls, said ghost sailing along until it found its grave, then vanished, just as a well behaved ghost should. We don't take much stock in spook yarns, however, for if these spirits could come back to earth we know they would be frequently seen at Ada, because the town being so attractive to the living, would undoubtedly be a favorite haunt of the ghosts. Therefore, since none have been seen knocking around on the streets of Ada, we are convinced that they don't come back at all.

HOW TO AVOID NEWSPAPER NOTORIETY.

There are too many people in Shawnee who enjoy a news story that tells embarrassing details about their friends or neighbors, but who can see no justice or reason in the publication of anything about them personally, unless it is something laudatory, to make the newspaper profession in this city a continual round of pleasure. If we kept out of the paper all mention of the days' happenings that touched the nerves of someone, there would be nothing in the paper, but homilies, and individual and social bouquets, and the paper's subscription list would dwindle down to the free list. The thing to do if you want nothing but nice things said about you is to stop doing those things that lead to the divorce court or the police court. There isn't one newspaper man in a thousand who wouldn't rather say something good about you than to record some story of your faults. The average reporter is both humane and charitable and more apt to be led astray by his sympathy for the "under dog" in a struggle than he is to make a mistake in sizing up the news features of a case or situation, and he "kills" more human interest stories every day than he prints. Even managing editors have a bunch of sentiment hidden under an outward show of cynicism and in performing

their duty to the public they are compelled to print a great many stories which they would personally like to suppress. The moral of all this is: Lead daily lives of such uprightness in your social and business dealings that no one can truthfully say anything but nice things about you, or don't wince when the newspaper man writes a truthful record of your misdeeds and personal shortcomings.—Shawnee Herald.

Since it seems impossible to get a decision from the supreme court regarding the issuance of warrants to partially cover the indebtedness of the county during the four or five months preceding the present tax levy, the News would suggest that the commissioners take up the matter of issuing funding bonds. Sooner or later these claims must be paid, so why not attend to it now and save a great deal of trouble to those who have claims against the county. Most of those to whom the money is due are needing it badly.

Card of Thanks.

I desire to express to my neighbors and friends and to the Woodmen Circle my deep feeling of gratitude for assistance rendered me during the short illness and time of death of my wife. Although coming so unexpectedly, they did all that was in their power, and I thank them one and all for their kindness. J. O. TIPTON.

CARDUI WORKED LIKE A CHARM

After Operation Failed to Help, Cardui Worked Like a Charm.

Jonesville, S. C.—"I suffered with womanly trouble," writes Mrs. J. S. Kendrick, in a letter from this place, "and at times, I could not bear to stand on my feet. The doctor said I would never be any better, and that I would have to have an operation, or I would have a cancer.

I went to the hospital, and they operated on me, but I got no better. They said medicines would do me no good, and I thought I would have to die.

At last I tried Cardui, and began to improve, so I continued using it. Now, I am well, and can do my own work. I don't feel any pains.

Cardui worked like a charm."

There must be merit in this purely vegetable, tonic remedy, for women—Cardui—for it has been in successful use for more than 50 years, for the treatment of womanly weakness and disease.

Please try it, for your troubles.

A WARRANTY DEED IS A SNARE: A DELUSION! It often conveys absolutely a bad title. Your lawyer will tell you so. It is not a present help in time of trouble.

REASON: Should your title be unmarketable and you want to perfect it by hunting up old deeds, procuring releases; court decrees—every step will be at your expense—even though you find it impossible to sell the land or obtain a loan without taking such step.

ADVERSE CLAIMS: An adverse claim is asserted: suit is brought against you, finally you are ousted from the premises.

RESULT: You go on your vendorto MAKE GOOD his WARRANTY if you can find him.

JUDGMENT: The law will give you only a money judgment. COLLECT IT IF YOU CAN. No lawyer's fees—nothing for entranced value of land—merely what you paid him and interest—about 6 per cent.

GOOD WORK.

Done Daily in Ada—Many Citizens Tell of It.

Nearly every reader has heard of Doan's Kidney Pills. Their good work in Ada still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

G. B. Dismukes, 17 Thirteenth St., W. Ada, Okla., says, "Last fall I was suffering a great deal from a constant soreness through kidneys and across my hips. I had no doubt that this misery was due to disordered kidneys. A friend finally advised me to try Doan's Kidney Pills and I procured a box at G. M. Ramsey's Drug Store and began their use. In a few days my pains and aches had disappeared and the contents of two boxes of Doan's Kidney Pills restored me to good health."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

And something worse if you get hold
of bad coal. It is certainly exasper-
ating to be imposed upon. An oath is
almost justifiable under such circum-

way would be to trade with a reliable

depend upon getting just what you
pay for. Some people, even some coal

Remember if you get 1500 lbs. of

ROW ABOUT RENT FOR STATE HEADQUARTERS
Oklahoma City, Ok., Nov. 15.—Action to be taken by the state, if any looking to payments of rents for state quarters, or forcing collection of the \$100,000 bond given by the State Capitol Development company is to be determined after Thursday.

Gov. Cruce, E. E. Howard, members of the Board of Affairs; state Auditor Meyer and Assistant Attorney General Moore were in conference today, with a letter from Seymour Heymann, chairman of the capital expense com-

mittee, which was to pay rents for the state up to the amount of \$71,200.

The chairman said many members of the committee had been out of town, and he would have a meeting Thursday to determine the committee's attitude. No rents have been paid since July. The state will take the matter up, probably, Friday.

"GREATEST SHOW EVER STAGED"—IN AUSTIN

Kinmacolor Pictures of Coronation at Opera House.

From the Austin Statesman.

What has been acclaimed to be the "greatest show ever staged" was put on at the Hancock Opera house last night. It was the coronation of King George V, or rather, the kinmacolor moving pictures of it, which proved just as good and as interesting and almost as realistic for all practical purposes. There's some room for wonder along with admiration in these great pictures. What gives them such a persistent touch of realism? The announcements have it that the inventors, Urban & Smith, the former being an American and the latter an Englishman, spent fifteen years in perfecting the process, which preserved all the figures and flags and floats that pass in review on the brilliant canvass in their true and natural color. However this may be, no one will gainsay that they did their task well, regardless of the time or the labor.

All through the film representation strides the figures of England's new king and queen. The audience sees the rulers in carriages, on the marble steps of the palace reviewing troops, at Temple Bar receiving the sword of the city from the lord mayor, at Spithead in the royal yacht reviewing the naval parade—one of the greatest ever held by the way—and, in fact, in almost every attitude assumed by the ruler during the great street show.

Mr. Atkinson, who says he was a subject of his majesty up until a short while ago, makes elaborate explanation of each film, therefore imparting to his audience a little history in addition to the pleasing and instructive views. Mr. Atkinson's interesting lecture shows one thing clearly, and that is that he is thoroughly familiar with the customs of England and that he knows the coronation history and pretty well everything connected with it, by heart.

COTTON RECEIPTS NEARLY 9,000 BALES

Cotton receipts bid fair to pass the 9,000 mark before the close of the week. At 3 o'clock this afternoon the county yard had received 7,863, and the round bale gin had turned out 1,720, or 860 square bales, making a total of 8,723.

The price is practically unchanged.

Oklahoma Interests Them.

Norman, Ok., Nov. 15.—Dr. Daniel W. Ohern, director of the Oklahoma Geological Survey, has just returned to the state after attending the annual session of the American Mining Congress in Chicago. He declares that he was constantly besieged with inquiries from scientists, capitalists and operators as to the mineral wealth of Oklahoma. Since it is an undeniable fact that Oklahoma, with her coal, gas, oil, asphaltum, cement, marble, granite and building stone has more diversified mineral products than any state in the union, Dr. Ohern was able to make an entirely satisfactory report and many men of wealth expressed their intention of coming to the state with the intention of investigating, and investing if they were convinced. It is only within the last few years that the state and national geological surveys have begun to exploit the mineral wealth of Oklahoma but so abundant are its products that it is attracting the attention of both scientists and capitalists throughout the country.

FRATERNAL UNION LODGE REORGANIZED

J. T. Ross, district manager, after a stay of 10 days called together the lodge at this place on Tuesday night, Nov. 14th, 1911, for the purpose of reorganizing. He had added 22 new members to the local lodge. State Manager John D. O'Keefe, was present and presided at the organization. He made a splendid talk as also did Dist. Mgr. J. T. Ross.

The organization was perfected by the election of a complete set of officers as follows: A. J. Deaton, fraternal master; A. W. Landers, justice; Jim Baze, treasurer; Mrs. Neta Clapp, secretary; Miss Minnie Laxton, Mercy; Miss Bessie Stacy, Truth; Roy D. Stone, guide; C. W. Proctor, guard; J. J. Dodd, sentinel; George Davidson, Jim Perry and Mrs. Francis Driver, stewards.

Another meeting will be called in near future at which time other candidates will be initiated. Dist. Manager J. T. Ross is still here and will remain a few days. Mr. O'Keefe left for Durant last night on the 11:30 train.

Mrs. Tipton's Funeral.

A 3 o'clock yesterday afternoon all that was mortal of Mrs. Nancy L. Tipton was laid to rest in Rosedale cemetery. Rev. Leroy Anderson conducted the services, and to the assembled relatives and friends he spoke a message of tender sympathy.

The Woodmen Circle, of which Mrs. Tipton was the first to depart, then took charge and conducted the impressive services prescribed by the ritual for a deceased sovereign.

FREE IF IT FAILS

Your Money Back If You Are Not Satisfied with the Medicine We Recommend.

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate and weaken the bowels and tend to make constipation more chronic. Besides their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons, and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent or chronic ailments, if taken with regularity for a reasonable length of time. 12 tablets 10 cents, 36 tablets 25 cents, 80 tablets 50 cents. Sold only in Ada at our store—The Rexall Store—Gwin & Mays Drug Co.

JOHNSON'S FIRE LOSS ABOUT \$1,500

W. B. Johnson stated to a News reporter late yesterday afternoon, that he estimated the loss on the barn that burned about noon yesterday, at fully \$1,500. It was a building about 35x50, and was about as full of feed as it could well hold. Mr. Johnson said that, although not at home when the fire occurred, he thought the only way it could have originated was by spontaneous combustion in the large quantity of hay stored in the barn. He did not know just how much stock was burned, but knew that at least one horse had met death.

The loss of the barn carried with it every pound of feed stored for the winter.

This afternoon a negro made way with a coat from the store of G. W. Coker & Son. However, the theft was soon discovered, and Chief Hounshell and Constable Adair at once took his trial they located him and the coat in the flats, and soon had him behind the bars. He is a stranger in Ada and they were unable to find out his name.

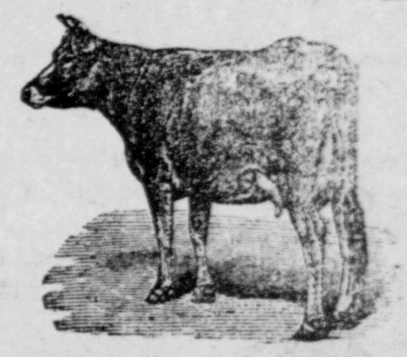

WILL MAKE A TEST OF HAWKINS CASE

Oklahoma City, Ok., Nov. 14.—Nelson Hawkins, for whom Gov. Cruce issued a fugitive warrant following revocation of a parole issued by Acting Gov. McAlester, was arrested in Southeastern Pontotoc county by Sheriff Mitchell and Garland Babb of Ada. He will be returned to the state penitentiary this week. Hawkins was sent from that county for forty years for killing a girl, he claiming the killing was accidental.

On the day Gov. Cruce returned from the east Acting Gov. McAlester issued a parole for Hawkins. It is tended by County Attorney Wimbish of Ada that McAlester's act is void, having been completed after the governor crossed the state line returning to the state, in order to test about fifteen pardons and paroles Gov. Cruce revoked this one and issued a fugitive warrant.
